Did you know that every major physiological system in your body, and every operation of the mind, is incredibly dependent on sleep, wonderfully enhanced when you get it, and markedly impaired when you don't get enough?

Natural Remedies Seminar

Tired? Restless? Having trouble sleeping? Come and learn the importance of sleep and how to enhance the quality and quantity of your sleep naturally.

VITAMIN D

May Screening Special!

THE BODY REQUIRES CERTAIN AMOUNTS of different vitamins and nutrients in order to function at its optimal levels. Vitamin D is an important factor in our everyday life as it helps the body to naturally fight infections, retain energy levels, combat depression, prevent osteoporosis, and so much more. Recent studies show that maintaining a healthy Vitamin D level can also help in the prevention of COVID-19, and in fighting the virus.

HAVING A VITAMIN D DEFICIENCY is not uncommon and can often go unnoticed, which can cause a significant effect on your quality of life. Such a deficiency can lead to fatigue, bone and muscle pain, impaired wound healing and much more.

VISIT MACON COMMUNITY HOSPITAL IN MAY, Monday through Friday, 7am - 5pm, to receive a **FREE Vitamin D Screening!** No appointment is necessary and walk-ins are welcome! For more information about testing, visit us online at maconcommunityhospital.com/vitamin-d-screenings.

For more information please contact us at
